

UM-DAE CEBS Colloquia during Academic Year 2012-2013

23 April 2013	Mr. Alan Rosling India's solar future
12 March 2013	Dr. Dinesh Kumar Srivastava Rejoice that you will do basic research
5 March 2013	Dr. Srinivas Krishnagopal Particle Accelerators 4: The Next Generation
19 February 2013	Prof. Jayendra Bandyopadhyay Quantum Physics meets Biology: Case of Avian Magnetoreception
12 February 2013	Prof. D. Balasubramanian When science meets the eye
29 January 2013	Prof. Nitin Nitsure Topology and Geometry of Surfaces
15 January 2013	Prof. B. K. Jain Near Threshold Resonances and their Role in Nuclear Physics
6 November 2012	Prof. P.C. Agrawal A Glimpse of the X-ray Universe
30 October 2012	Prof. Sundararaja Ramaswamy Convex sets and Convex functions
16 October 2012	Dr. Christophe Lavelle Science and cooking: from physico-bio-chemistry to culinary art
9 October 2012	Dr. Sujit Tandel Nuclear spectroscopy at the limits of Coulomb stability: A journey towards the

	highest shell
4 September 2012	Prof. J. Maharana Unification of Fundamental Forces
14 August 2012	Prof. Basant Rajan Structured Innovation
